Priya Shah

Junior Software Engineer | React.js · TypeScript · Node.js · SQL

Ottawa, ON | priya.shah@example.com | (555) 010-0142 | linkedin.com/in/priya-shah-dev | github.com/priyashah-dev

EDUCATION

B.Sc. Computer Science · Northgate University · Ottawa, ON *2026*

- GPA 3.6/4.0
- Relevant coursework: Databases, Web Development, Software Engineering, Data Structures

SKILLS

Languages: JavaScript, TypeScript, SQL, Python, Java

Frameworks: React.js, Node.js, Express, Next.js

Data & Tools: PostgreSQL, SQLite, Prisma, Git, Docker (basic)

Testing: Jest, pytest

EXPERIENCE

Software Developer Intern · Maplecrest Insurance · Ottawa, ON *May 2025 – Aug 2025*

- Built an internal claims search page with React.js and a Node.js/Express REST API, cutting the time adjusters spent finding a claim from about 5 minutes to under 1 minute (supervisor's estimate).
- Wrote 40 Jest tests covering the search API and the page.
- Demoed the search page to the claims team of about 20 people at the end of the term.
- Fixed 12 backlog bugs, mostly in the policy forms.

Teaching Assistant, Intro to Programming (Python) · Northgate University · Ottawa, ON *Jan 2025 – Apr 2026*

- Ran a weekly lab for 30 students, graded assignments, and held office hours twice a week.

PROJECTS

StudySpot · Next.js, TypeScript, PostgreSQL, Prisma · github.com/priyashah-dev/studyspot

- Web app showing free campus study rooms in real time, used by about 600 students during the April 2025 exam period.
- Won 2nd place of 45 teams at Northgate Hacks 2025; built the frontend and the booking-feed sync job in a team of 3.

Budget CLI · Python, SQLite · github.com/priyashah-dev/budget-cli

- Command-line expense tracker with monthly reports; 25 stars on GitHub.
